Interface to host computer	USB Type-B
Transfer rate	Up to 5 Gbit/s
Plug & Play	Yes
HotSwap	Yes
ON/OFF button	Yes
LED	Power and access
Power supply	12 V power adapter
Operating system	Windows®, macOS®
System requirements	One free USB Type-A port on your host computer

ICY BOX **IB-1122-U3**

DockingStation for one 2.5" or 3.5" HDD/SSD

HDD & SSD DockingStation

The IB-1122-U3 is an efficient DockingStation designed to work with both 2.5" and 3.5" SATA SSDs and HDDs. This allows users to quickly swap between different storage drives without the need for additional adapters or tools. This DockingStation offers an easy and reliable solution for connecting your storage devices to your computer.

Simply plugged

With the IB-1122-U3, there's no need for complicated installations or extra drivers. Simply plug your 2.5" or 3.5" SATA drive into the DockingStation, and you're ready to go. The toolfree setup ensures a quick swap between drives for easy file management.

USB 3.2 Gen 1 connection

The IB-1122-U3 features a USB 3.2 Gen 1 connection, allowing fast and reliable data transfer between your storage device and your computer. It is backwards compatible with USB 2.0 devices, making it a practical and future-proof solution for both newer and older computers, offering excellent compatibility and performance.
