**Packing content**
1x IB-HUB1436-CPD, 1x manual

The IB-HUB1436-CPD 4-port hub brings true performance to the ports. With four USB 3.2 Gen 2 ports, a data transfer rate of up to 10 Gbit/s is available at each port. You can choose between tried-and-tested USB-A and modern USB-C connections. Two ports of each of these form factors are available and can be put into ope-ration immediately via Plug & Play. In addition, nothing keeps the notebook from being powered via USB-C using USB Power Delivery. Up to 100 watts are available for the charging process.

## 4-Port USB 3.2 Gen 2 Hub

## Elegant design

The IB-HUB1436-CPD offers not only functionality but also a stylish design. The high-quality aluminium housing with a matt finish is a real eye-catcher. Robust, durable and reliable, it does its job in the modern office.

## Integrated cable

Thanks to the integrated 30 cm cable, the hub can be connected immediately. No searching for the right connection, no forgetting the necessary cable. A practical feature is the simultaneous charging option for a connected notebook via the Type-C® interface with up to 100 watts via Power Delivery.

## 50:50

The golden mean of the interface selection with two USB Type-C® and two USB Type-A connections makes this hub so versatile in everyday use with different end devices that have either the tried-and-tested A connection or the modern C connection. This makes it ideal for the office and living room.
