## ICY BOX **IB-AC502a** HDMI® to VGA adapter

### HDMI® to VGA

The IB-AC502a HDMI® to VGA adapter supports a maximum VGA resolution of 1920x1200 at 60 Hz, providing a clear and detailed display on your monitor. Whether you are presenting slides, watching videos or working with graphics, IB-AC502a delivers sharp images on your VGA monitor, perfect for both professional and personal use.

### Small and compact

The compact design provides a lightweight and durable solution to your needs making it easy to carry IB-AC502a with you. Whether while traveling or presenting business ideas in various conference rooms, IB-AC502a is your ideal display output solution.

### Plug & play

The IB-AC502a adapter is Plug & Play, meaning it works smoothly without the need for any drivers or software installation. This makes it incredibly convenient and easy to use, saving time and hassle when connecting HDMI® devices to VGA displays.
