CFexpress™ & SD 4.0 card reader with USB 3.2 Gen 2 Type-C® port

The Card Reader for Fast-Paced Environments

Take control of your workflow with your card reader, delivering data transfers of up to 1 GB/s for CFexpress™ 2.0 Type-B and 300 MB/s for SD 4.0 UHS-II through USB 3.2 Gen 2. Ideal for fast-paced settings, it ensures that your workflow remains uninterrupted and efficient, keeping pace with your demanding tasks.

Simplify Media Transfers

Get ready to create without boundaries: your card reader takes care of the technical aspects with easy media management. Supporting the latest CFexpress™ 2.0 Type-B and SD 4.0 UHS-II standards, it seamlessly integrates with your workflow, allowing you to focus solely on capturing your creative spark and turning it into reality.

Connect with Confidence

The advanced cooling design of your card reader with high-quality aluminium construction ensures that your memory cards stay cool and function optimally even under high performance. Tackle your creative workload with unwavering performance and uninterrupted flow.
