***Wireless NFC charging case required

NFC = NearFieldCommunication

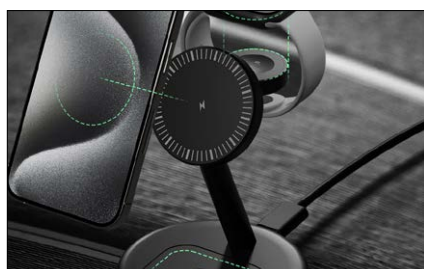

ICY BOX **IB-SH102-CH** 3-in-1 appliance holder for wireless charging

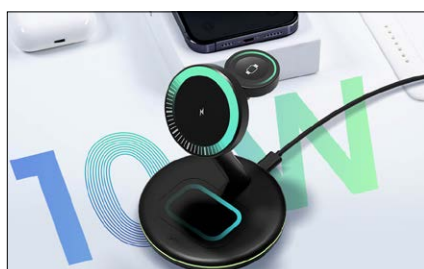

Convenient charging

The revolutionary 3-in-1 charging station has been specially designed for iPhone, Apple Watch and AirPods, yet is compatible with many comparable devices. No matter where you operate, our charging station is the practical solution for charging your devices and presents itself in an aesthetic design.

Reliable partner

Take part in long meetings, indulge in video chats and enjoy extended film experiences without worrying about low battery levels. Use your smart device without restrictions even while it is charging, no compromise on performance and comfort.

Intelligent technology

Thanks to high-performance coils, a smart charging chip, powerful magnets and overvoltage and short-circuit protection, you are on the safe side with the smart device holder. The charging power reaches up to 10 W. An attractive, stable design and an LED indicator ensure visual appeal.
